GRAND ARMY BILL PASSES IN HOUSE

Senate Measure Appropriating \$35,000 for Entertainment Of Veterans Adopted.

PASS BADGER'S ELECTION ACT

Method Adopted by "American" Party Can No Longer Prevail-Four New Bills Offered.

After considerable debate, the hous esterday passed S. B. 73, the measure appropriating \$35,000 for the entertainment at Salt Lake City next August of the G. A. R. encampment. There was some objection to the amount of money authorized by the bill. Representative Morris of Washington says he thought \$20,000 was sufficient, and Representative Thompson stating his view that \$25,000 should be enough con-sidering the number of other appropri-ations the house would be called upon o supply.

Representative Bower of Utah

Representative Bower of Utah thought the state ceuld not afford to be penurious in the matter of entertaining the remnant of the men who fought to save the Union. Representative J. N. Davis of Uintah favored the original amount, and said he would be willing to forego the building of a bridge across the Green at Uintah for a year or two rather than fail in showing due honor and respect to the scarred veterans.

reterans.

Representative Cannon of Salt Lake aid he would rather see the appropriation made \$50,000 than the sum named in the bill. The measure inally passed with but one dissenting vote, that of Representative Morris, and he changed his vote to aye.

H. B. 142, another G. A. R. bill, by Ashion, was recommended for passage by the committee on finance. The bill.

a vote of 36 to 1.

The only material change from the present laws relating to trademarks is the introduction of penaity for the fraudulent use or imitation of these on the part of persons other than their owners. After some little discussion the bill was so amended as to include not only the private marks of persons and unions, but protects the trademark whether adopted by the owner in this state or somewhere else.

Among the bills introduced yesterday was H. B. 209, by Wootton, providing that except in cases of emergency where life or property might be in danger, eight hours will be the limit a working day in mines, smelters ad factories, including sugar factories. A penalty is provided making it a misdemeanor for a violation of the terms of the measure.

H. B. 208, by McRae, provides that all property of county, state or municipality within the State of Utah and all church property, ditches, canals and pumping plants, whether owned by individuals or by corporations, shall be exempt from taxation.
